

ADDENDUM TO THE PROVIDER AGREEMENT TO ELECTRONICALLY FILE AND MAINTAIN ORANGE JUICE WAREHOUSE RECEIPTS

This Addendum between (a) _____ (Provider)

and the Farm Service Agency (FSA) authorizes the Provider to establish and maintain a database and system, referred to as a central filing system (CFS), for the purpose of electronically filing orange juice electronic warehouse receipts issued under the United States Warehouse Act (USWA) and permits the Provider to accept the filing of electronic warehouse receipts from other than USWA licensed warehouse operators in such electronic data filing system. Such electronically filed warehouse receipts for orange juice are hereafter referred to as "Electronic Warehouse Receipts (EWRs)."

Orange juice is defined as the unfermented juice obtained from mature oranges of the species *citrus sinensis* or its hybrids or as specified in the Federal Food, Drug, and Cosmetic Act at 21 CFR 146.140 through 154, subject to the disapproval of DACO.

Notwithstanding any Federal law or Department of Agriculture (USDA) data security restrictions, nothing contained herein should be interpreted or construed by a Provider so as to deny cooperation with a State licensing authority with respect to access to examination or investigation data stored in a CFS by a State licensed warehouse.

The Provider shall not warrant nor guarantee any part of the underlying transaction or activity that involves the use the Provider's CFS to perfect or consummate such a transaction or activity. The underlying transaction or activity shall be administered and governed by applicable Federal or State rule of law.

This Addendum sets forth the Provider's minimum requirements for operational management, EWR record formatting, reporting requirements and the protocols to be used in the transmission of such information.

I. Common Computing Environment and eAuthentication

The Provider will, at a minimum, make available a common computing environment to the users of their CFS that offers nondiscriminatory access and ability to logon remotely to the Provider's CFS through an eAuthentication method recognized by FSA. Before accepting an EWR into their CFS as issued, the Provider will, at a minimum, authenticate the warehouse receipt signer as the person authorized by the warehouse operator to issue the EWR.

II. Receipt Record Data Requirements

FSA, in administration of the USWA, the regulations found at 7 CFR Part 735, the Provider Agreement to Electronically File and Maintain Warehouse Receipts and United States Warehouse Act Documents and this Addendum, may, at any time, require the Provider to furnish information beyond the minimum requirements shown in this Addendum.
